

LANCASTER

CUSTOM CRAFTED UPHOLSTERY

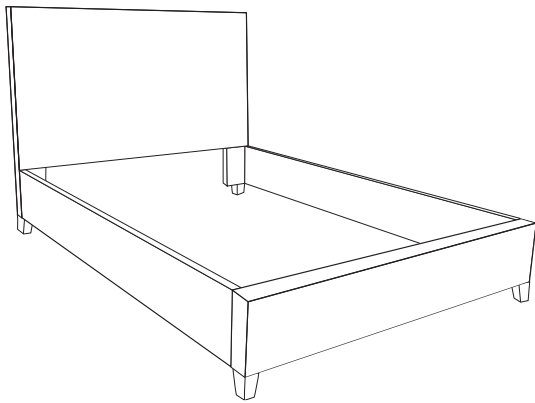

HEADBOARDS AND BEDS

HEADBOARDS

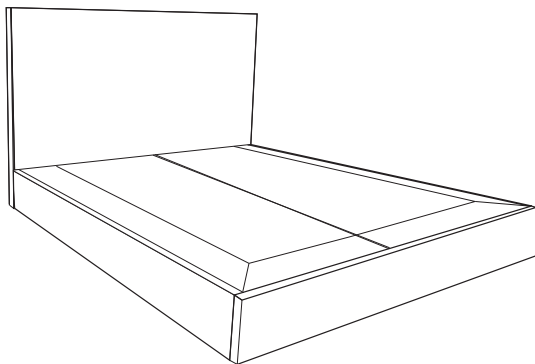

Select from dozens of Lancaster upholstered headboard styles and enjoy a beautifully crafted piece of furniture. All headboards and beds are constructed from kiln-dried maple, engineered strandboard and soy-based foam/cotton paddings. Headboards project 4" in thickness and can be embellished with nail trim, welt, tufting and more. **Custom Options Available.**

Headboards include fully upholstered legs. To receive hardware and pre-drilled legs, call for a template to specify bracket positioning. When ordering, specify a Lancaster steel bedframe to go with your headboard and receive hardware and pre-drilled legs for easy installation.

LANCASTER STANDARD BEDS

Lancaster upholstered beds begin with selection of one of our standard headboards. Frames are designed for a boxspring to rest inside the rails and footboard. Beds include a steel slat and multi-leg system, for maximum strength and sturdiness. Side rails and footboard are 15"H, including a 4"H leg.

LANCASTER PLATFORM BEDS

Lancaster platform style beds offer a more contemporary look with 2.5"H floating recessed legs. For use with mattress only, our padded and upholstered platform rests on a secure steel slat system. Platform is 12.5" off the floor. Available in select sizes.

Standard Mattress Sizes
